

Transaction Screen for Potential Environmental Concerns

Maine Coast Heritage Trust ♦ Form September 2006
Designed to meet ASTM Standard E1528

Allowing non-environmental professionals to gather information required for
Transaction Screen to determine the need for a Phase One inspection
under ASTM Standard E1527 and Final Regulations from EPA on "All Appropriate Inquiries"

No entity other than Maine Coast Heritage Trust may rely on this transaction screen

This form and the information in it is private and confidential

Project Name: MCHT Interest: Conservation Fee Interest
City: County: State: Maine

TRANSACTION SCREEN INSTRUCTIONS Under ASTM – PRACTICE E-1528 - 06

STEP 1: Site Data

Identify the location of the land, land ownership, and deed reference.

Preparer's Initials: _____ Date: _____

STEP 2: Records Review (ASTM 1528 section 6, question 21)

Perform or order an ASTM 1528 records search through a commercial firm. Review results, including the examination of any orphan records.

Preparer's Initials: _____ Date: _____

STEP 3: Historical Sources (ASTM 1528 10.1.1.12-10.2.5)

1. Review fire insurance maps (to be provided by commercial firm, if available); or
2. If not available, or if the fire insurance map yielded no information, consult local street directories, historic topographic maps, or historic aerial photos.

Not required if none are available.

Alternatively,

3. Interview a disinterested person who has first-hand knowledge of the property from the present back to 1940.

The purpose of this is to determine if any buildings or other improvements on the property or on an adjoining property are identified as having been used for an industrial use or uses likely to lead to contamination of the property. Historical use of the property from 1940 to present should be determined by using one or more of the above three sources.

Preparer's Initials: _____ Date: _____

STEP 4: Aerial Photographs (Optional)

Examine aerial photographs of the property to look for old building sites, trash dumps, or other suspect activities.

Preparer's Initials: _____ Date: _____

STEP 5: Interviews (ASTM 1528 5.4-5.7)

Interview the current landowner or occupant about their knowledge of potential environmental concerns on the property and adjoining properties. Use the "Transaction Screen Owner/Occupant Questionnaire" to record the answers. You must ask all the questions in the questionnaire. If any of the questions are answered in the affirmative or "unknown", you must document the reason.

Preparer's Initials: _____ Date: _____

STEP 6: Site Inspection (ASTM 1528 7.5-7.5.3)

Walk the site, preferably with the landowner and other people knowledgeable about the property, looking for signs of current or past hazardous waste disposal. Use the "Transaction Screen—Site Visit Observations by Preparer" to record observations. Closely examine any questionable areas found from the records search, aerial photographs, fire insurance maps, or street directories.

Preparer's Initials: _____ Date: _____

STEP 7: Property Description & Analysis, and Adjoining Properties Description & Analysis (ASTM 1528 8.1-8.42)

Determine the current owners, current and past land uses, and dates of uses back to 1940 for the subject property as well as all contiguous or partially contiguous properties, including those that would be contiguous but for a street or road. Attach a USGS or town map with the property marked on it as well as a close-up sketch map. (ASTM 1528 3.2.3.)

Preparer's Initials: _____ Date: _____

STEP 8: Deeds Search (Optional):

If deemed necessary, research all deeds and titles for the property to establish whether the property was ever used for commercial or industrial purposes.

Preparer's Initials: _____ Date: _____

STEP 9: General Conclusions (ASTM 1528 5.7-5.9)

Prior to closing, review hazardous waste report with MCHT's counsel, for recommendation regarding the need for further inspections. Following closing, place originals in the fireproof safe project file and a copy in the completed projects file.

MCHT Counsel's Initials: _____ Date: _____

Historical Sources

1. Fire Insurance Maps to be provided by commercial firm, if available. Unavailable

Fire Insurance Maps reviewed:

Map date:

2. Obtain one or more of the below:

- a. Local Street Directories obtained Unavailable

Local Street Directories reviewed:

Street Directory dates:

- b. Historic Topographic maps: Topo dates:

- c. Aerial photos: Photo dates:

After reviewing the above sources, determine if any buildings or other improvements on the property or on an adjoining property are identified as having been used for an industrial use or uses likely to lead to contamination of the property.

Yes No Fire Insurance Maps, Street directories, historic topos and aerial photos unavailable, no further search required

Alternatively, interview a disinterested person with first-hand knowledge of the property back to 1940 (local official, neighbor, etc.)

- Interviewed a disinterested person

Name of disinterested person interviewed:

Affiliation:

Date of interview:

Results:

Deeds Search (optional)

Was a search done of property deeds and titles? No Yes

Earliest deed found - Date: _____ Book: _____ Page: _____

Did any of the deeds indicate potential hazardous waste problems for the site? ? No Yes

Comments:

Preparer's Initials: _____ Date: _____

General Conclusions

Yes No Are there any conditions present not mentioned above that need to be corrected to remove any potential risks?

Yes No Activities of adjacent properties may pose potential environmental risks to the subject property.

Recommended actions prior to closing:

A PHASE ONE investigation is recommended.

A PHASE TWO investigation is recommended.

NO PROBLEMS OR EVIDENCE OF CONTAMINATION FOUND:

I certify that to the best of my knowledge and belief the facts and data used in this inspection are true and accurate, and that no material facts have been suppressed or misstated, based on currently accepted and available information as of the inspection date; and, to the best of my knowledge, no contaminants are present on this real estate, and there are no obvious signs of any effects of contamination.

EVIDENCE OR SUSPICION OF CONTAMINATION:

I certify that to the best of my knowledge and belief the facts and data used in this inspection are true and accurate, and that no material facts have been suppressed or misstated, based on currently accepted and available information as of the inspection date; and it is possible to reasonably conclude that there is a potential for contaminants, or the effects of contaminants, to be present on this real estate, and acquisition efforts may require further investigation, including a PHASE ONE inspection.
