Attendees will choose and participate in roundtable discussions focused on topics such as GIS & data collection tools, getting the next LMF bond passed, or donor cultivation.

“FANTASTIC DAY — I LOVE THE NETWORKING OPPORTUNITIES!”

MAJORA CARTER — KEYNOTE SPEAKER

Building Proud Communities

When New York City wanted to bring 40% of its trash to her neighborhood in the South Bronx, Majora Carter pushed back. Her goal of building a prouder community grew to include more than just green space. In partnership with local government, businesses, and neighborhood organizations, she has improved opportunities for transportation, fitness and recreation, nutrition, and economic development. Majora's lessons learned will remind us that environment is just one component in building a stronger, healthier community.

Majora Carter is a leading urban revitalization strategy consultant, real estate developer, and Peabody Award-winning broadcaster. She has been responsible for the creation and implementation of numerous green-infrastructure projects, policies, and job training and placement systems.

INFORMATION

Scholarships Available

We offer free admission to the Saturday conference for students with a Maine connection whose studies include an environmental, nonprofit management, or sustainability focus.

Visit MLTN.ORG to learn more.

Espy Land Heritage Award

Maine Coast Heritage Trust will award the 2019 Espy Land Heritage Award during the plenary session on April 6TH. This award recognizes individuals and organizations that have made outstanding contributions to land conservation in Maine while serving to inspire and educate others.
